

EDUCATIONAL OBJECTIVES

Our objective is to provide each enrolled student with a high-quality education and practical training in an environment conducive to learning all the basic skills necessary to pass the state licensing exam and become employable in the cosmetology field. The licensee should be able to function effectively and gain entry-level employment in one of the many specialty areas, such as hair stylist, hair colorist, manicurist, makeup artist, cosmetician, or beauty salon operator. Many successful and dedicated beauticians go on to become salon operators, managers, or owners.

Students are provided structured instruction in a modern learning environment where they acquire hands-on experience and the knowledge and techniques needed to successfully complete their program of study. Students are encouraged to utilize the resource library which can supplement their learning experience. The school simulates salon conditions to help the students “learn-by-doing,” with modern equipment and a variety of supplies that help enhance the student’s product knowledge. Our objective is to help the student become “salon-ready” for an entry-level position in the beauty industry.

Redondo Beach Beauty College’s faculty provides theory and practical lessons in the classroom and on the floor. This core staff is supplemented on a regular basis through the use of guest artists, lecturers, and trainers with proven expertise in virtually all cosmetology, manicuring, massage, and skin-care professions.
